Upload your presentation in m-anage by 30 August 2022

Dear speakers,

from now on you have the possibility to upload your contribution for the congress in the [congress portal m-anage](#).

In the following you will find information on how to prepare and upload your presentation.

Preparing your presentation

- Format: Only Microsoft PowerPoint presentations in **16:9 format** with the **extension .pptx** are accepted.
- **Videos** can be embedded or linked in the presentation. If you are using PowerPoint 2007 or an older version, upload the video (as an MP4 file) separately.
- PowerPoint **animations** and **transitions** are only provided with the "fade" function.
- For a uniform congress look and feel, we ask you to use the **MASTER SLIDE** (download [here](#)) in congress design prepared by us (excluding industry symposia).
- **Conflicts of interest:** Please provide your details on potential conflicts of interest on the second (or third) slide of your presentation.

Upload your presentation

- Please upload your presentation to the [congress portal m-anage](#) in the **module "Content Submission"** **by 30 August 2022** at the latest.
- At the beginning of the presentation upload you have the possibility to upload a **profile photo** and - for an even better exchange - to allow participants to contact you via **email** (your email address will not be visible).
- Please note that submission of presentations via e-mail is not possible.

There is **no media reception** on site, only a Speaker Service Centre where you can review or adjust your presentation.

All sessions of the Congress will be recorded and can be accessed as on-demand content until 31 December 2022. Please see the [Congress privacy notice](#) for details.

Further information on the Congress can be found at www.dgrh-kongress.de
